Conflicts of Interest Disclosure

Slide 1

Introduction

Instructions: Review the required attachment along with the information below to

PDF

I have reviewed the attachment above.

You are required to read and acknowledge our policy as well as disclose any conflict. Before you can begin, you must first review our policy. When you click the policy link blocker that would prevent it from opening.

Once you have reviewed the policy, check the box next to "I have reviewed the policy" to acknowledge our policy, as well as disclose any conflicts of interest you may have.

Bloodborne Pathogens Awareness

Slide 2

Question 1 of 3

Question: Which item(s) listed below is an example of a "sharp"?

Instructions: Choose all options that best answer the question.

Needles and scalpels

Broken glass

Exposed ends of dental wires

Cotton gloves

Easy to create materials and assess employee knowledge of compliance risk areas.

EMPLOYEE ATTESTATION

- Capture electronic signatures to confirm employee acknowledgment of documentation or communication
- Track and manage the collection of responses, employee attestation and any additional employee feedback

CUSTOM CONTENT CREATION TOOL

- Upload or link to documents, policies, or procures and create custom assessments and exams to evaluation learners' understanding of the information contained in the document.
- Create multi-choice question and answer documents with limitless uses within an organization such as questionnaires, surveys, disclosures, checklists, assessments and exams

EVALUATION TOOL

- Designate reviewers (i.e. supervisors) with commenting ability to optimize existing workplace safety checks and other regulatory requirements
- Create transparency around employee activities and information disclosures that may put an employee as well as the organization at risk
- Evaluate employee sentiment, knowledge and understanding on a given risk topic for immediate visibility into sensitive areas, with the ability to adapt quickly and respond to emerging risks
- Gauge effectiveness of compliance training and employee understanding of expectations
- Supplement compliance training with a hands-on tool that guides employees on best practices (i.e. ergonomics work station checklist) or formalizes legal compliance processes (i.e. code of conduct or non-disclosure agreements)

REPORTING CAPABILITIES

- Auditable tracking and reporting through Percipio Compliance or third-party LMS

ENHANCE COMPLIANCE PROGRAM WITH A FLEXIBLE SOLUTION, ABLE TO FIT SPECIFIC ORGANIZATIONAL NEEDS

As part of the Skillsoft Compliance Solutions, Certitude helps organizations strengthen compliance programs by supporting and amplifying global compliance and safety initiatives and monitoring areas of possible risk.
